A Curated Gathering Rooted in Place

Hearth Summit Aegean is a curated gathering taking place in Santorini, Cyclades, from 23–25 October 2026.

Rather than a conventional conference, Hearth is designed as an immersive and place-based experience. Through conversations, workshops, field visits, shared meals and cultural encounters, participants engage not only with ideas, but with the landscapes, communities and practices that shape them.

Set within the unique bioregion of the Aegean, the Summit explores how we can reimagine the ways we live, host, produce, govern and collaborate in an era defined by environmental, social and economic transition.

At its core, Hearth is a space for meaningful exchange between people, place and practice.

A Cross-Disciplinary Ecosystem of People & Practices

Hearth brings together a carefully curated network of practitioners, entrepreneurs, institutions, creatives, hospitality leaders and local actors working across the systems that shape regenerative and place-based futures.

Shape the Conditions for Regenerative Futures

HEARTH SUMMIT
AEGEAN

Anchor Sponsors play a central role in enabling Hearth Summit Aegean and supporting the ecosystem of people, ideas and initiatives it brings together.

Designed for organisations, foundations and companies committed to sustainability, hospitality, culture, innovation and place-based development, this partnership offers a unique opportunity to be positioned at the heart of a curated gathering exploring regenerative futures for the Aegean and beyond.

As one of only two Anchor Sponsors, your organisation is associated with the Summit's vision, contributes to its successful delivery and becomes part of a growing network of practitioners, institutions, entrepreneurs, researchers and community leaders shaping new approaches to resilience, regeneration and place.
